

Green Neighbors Faire

We need Your Help Involving Youth in The Upcoming Green Neighbors' Faire

The Eugene Neighborhood Council's Committee on Sustainability is creating an Event, 'Green Neighbors Faire'. There will be a dedicated youth education area so guests can see demonstrations, projects, share in crafts, ideas, art, writing & more created by local youth. Youths sharing with youths and adults; a chance for our young people to be seen and heard at a community wide event.

We need your help in reaching out to those youth who have already participated in Eco Friendly, Neighborhood, Green, Sustainability projects, activities and research, as well as those who would be ready by event time in Early March.

The planning of the Youth track for elem/middle/high school students is in progress. We need to hear from potential participants as soon as possible. Space is limited, so early application is appreciated. We also invite adults to assist and support on the day of the event to make it a memorable day for the participating youth and to celebrate and document their success.

Please contact ASAP: Thank you so much,

Phil Bertrand / Eugene Neighborhood Council - Committee on Sustainability
