Dear Community Member,

Thank you for your interest in participating in this project. Your participation will enhance the student’s knowledge of this special time in our history and give them a great experience getting to know your experiences.

The North Eugene High School Academy of the Arts’ Oral History Project is looking for a number of individuals who would be willing to be interviewed regarding their experiences during the 1930s and 1940s. We are especially interested in people who lived in the Pacific Northwest during at least some of that time.

The commitment would include an hour-taped interview. We will want to scan any pictures, letters and or newspaper articles you might have during the interview period. Students will provide you with questions prior to the interview and will supply you with a digital copy of your oral history after the project is completed. The following is an incomplete list of some experiences you might share:

- **Marriage during the depression**
- **Pre-War and War Time**
- **Grade school experiences**
- **Roosevelt Administration and the New Deal**
- **Businesses during the depression**
- **Disease and Illness**
- **Various jobs and professions in the 1930s**
- **Hospitals**
- **Crime, law and police stories**
- **Downtown Eugene**
- **Orphanages**
- **Dating and Courting**
- **Sports**

*If you are interested please call Irene Alderman at*

541-543-3626

*Or leave your name and phone number with this program.*

*Our hope is to complete the interviews by April 29th*. We will arrange the time and place of the interviews based on the needs of the interviewee.
