

CAS Verification and Evaluation Form

This form, along with the student's CAS Completion Log, is to be completed by supervisors for all CAS activities. By signing off on the student's log and completing this evaluation, supervisors verify the student's activities and progress towards the CAS learning outcomes and state requirements for graduation.

We courteously thank all supervisors for their time in mentoring North Eugene students and for giving feedback on performance. We appreciate your involvement in our students' educational process!

Student's Name (printed) _____

CAS activity completed: _____

Dates of activity/# hours completed: _____ / _____

Please indicate your estimation of the student's progress towards the following goals by circling one of the evaluation standards:
